|-----------------|-----------------------------------------------------------------|
| Shop            | Near Narendra Medical Hall, Police Para, Garia Station, Kolkata |
| Price list date | 13 July 2026 ledger + stock added 26 July 2026                  |
| Items covered   | 185 items across 16 shelf categories                            |
| Prepared for    | Counter staff — quick rate reference for walk-in customers      |

### How to use this manual

- Every item shows the price to charge the customer (₹, per piece / roll / packet / coil). All rates are already rounded to whole rupees or convenient 5-rupee steps for fast cash and UPI handling.
- Profit margins (18–45%) are already built into these rates — do not discount below the printed price. Purchase costs are kept separately in the ledger, so this manual is safe to show or keep at the counter.
- Loose pieces (screws, clips, switches sold singly from a box) follow the per-piece rate printed here, even when the carton shows a pack price.
- Pictures are real product photographs of the brands stocked on your shelves (MAGIK, PRITAM, HEERA, RK Gold, Z4 Kabel, VELOX, Aastha and others), sourced online or cropped from the shop's own photos.
- Lines flagged ● **estimated rate** have no MRP printed on the carton, so the figure is a market estimate — check one sale against your purchase bill and correct it (the phone app lets you edit any price by long-pressing the item).
